

ACKNOWLEDGEMENT

Proposed Grain Based Distillery , is a unit of Radiant Manufacturers Pvt. Ltd., having its head office at Parmeshwari Building, 05th floor, Room No. 10, Chatribari Road, Guwahati – 781 001, Assam. Management is planning to set up a 45 KLPD ENA grain based distillery plant with environment friendly and latest technology. It is grain based distillery and will be involved in manufacturing of alcohol. The total capacity of the project will be 45 KL/Day.

In this context, a study on Environmental Impact Assessment (EIA) around the proposed site was undertaken by **SHIVA TEST HOUSE, PATNA (BIHAR)**. The report being a prerequisite statutory requirement has been prepared based on one season data (Mar. – May'2009) as per guidelines of Central Pollution Control Board. The report is to be submitted to Ministry of Environment & Forests, Govt. of India & Assam Pollution Control Board, Guwahati for obtaining Environmental Clearance for the proposed project.

I am happy to convey my deep sense of gratitude, appreciation and thankfulness for the valuable guidance and unstinted co-operation continuously extended to our staff by the officials of Radiant Manufacturers Pvt. Ltd. during the period of study.

I am really indebted to **Mr. Vicky Chand** whose spontaneous and valuable assistance in the supply of relevant project data as well as providing all necessary facilities have contributed immensely towards the smooth progress of the study. Needless to say, without his support, it would hardly have been possible for us to prepare this report in the present time frame.

I also express my gratitude and convey thanks to the villagers around the proposed project site at Vill. Khatkhathi and State Govt. Officials for extending best co-operation to our staff during the period of Monitoring of the pollutants and collection of data of their villages.

I wish success of the Project.

Patna ; Dt: 01st Oct.'2009

(DR. S. PRASAD)
