|   |      |
|---|------|
| <b>ACKNOWLEDGEMENTS</b>   | i    |
| <b>EXECUTIVE SUMMARY</b>  | ES-1 |
| <b>CH. 1 INTRODUCTION</b>   |      |
| 1.1 PROJECT PROPONENT: OIL INDIA LTD.   | 1-1  |
| 1.1.1 Corporate Objectives of OIL   | 1-1  |
| 1.1.2 Activities of OIL   | 1-1  |
| 1.2 PROJECT BACKGROUND  | 1-2  |
| 1.2.1 Introduction  | 1-2  |
| 1.2.2 Objective of EIA Study  | 1-2  |
| 1.2.3 Terms of Reference Approved by MoEF for EIA Study   | 1-3  |
| 1.2.4 Consideration of Pipeline Projects for Environmental Clearance  | 1-4  |
| 1.3 STUDY AREA  | 1-5  |
| 1.4 ECOLOGICALLY AND/OR OTHERWISE SENSITIVE LOCATIONS AND PLACES OF RELIGIOUS, HISTORICAL, ARCHAEOLOGICAL OR TOURIST IMPORTANCE | 1-6  |
| 1.5 REPORT PRESENTATION   | 1-7  |
| <b>CH. 2 POLICY FRAMEWORK</b>   |      |
| 2.1 INTRODUCTION  | 2-1  |
| 2.2 OBJECTIVE OF EIA STUDY  | 2-1  |
| 2.3 PROTECTION OF ENVIRONMENT UNDER NERP/NOMINATION   | 2-1  |
| 2.4 ENVIRONMENTAL CLEARANCE PROCEDURE UNDER EIA 2006  | 2-3  |
| 2.5 STANDARDS FOR EMISSIONS AND DISCHARGE OF ENVIRONMENTAL POLLUTANTS   | 2-3  |
| 2.5.1 Liquid Effluents  | 2-4  |
| 2.5.2 Gaseous Emissions   | 2-4  |
| 2.5.2.1 DG Sets   | 2-4  |
| 2.5.2.2 Elevated/Ground Flares  | 2-4  |
| <b>CH. 3 PROJECT DISCRIPTION</b>  |      |
| 3.1 INTRODUCTION  | 3-1  |
| 3.2 PROPOSED NEW PIPELINE PROJECTS  | 3-1  |
| 3.3 JUSTIFICATION AND BENEFITS OF NEW DEVELOPMENT PROJECTS  | 3-2  |
| 3.3.1 Justification   | 3-2  |
| 3.3.2 Benefits  | 3-2  |

|        |   |     |
|--------|---|-----|
| 3.4    | 200 MM DIAMETER BAGHJAN-SECONDARY TANK FARM (STF)<br>CRUDE OIL PIPELINE (LENGTH 45 KM)  | 3-3 |
| 3.4.1  | Preamble  | 3-3 |
| 3.4.2  | Project Justification   | 3-3 |
| 3.4.3  | Site Location   | 3-4 |
| 3.4.4  | Description of Facilities and Plant & Equipment   | 3-4 |
| 3.4.5  | Project Cost Estimation   | 3-4 |
| 3.5    | 400 MM DIAMETER BAGHJAN-CENTRAL GAS GATHERING<br>STATION AND OFFTAKE POINT (CGGS & OTP) NEAR W/50 GAS<br>TRANSMISSION PIPELINE (LENGTH 37 KM) | 3-4 |
| 3.5.1  | Preamble  | 3-4 |
| 3.5.2  | Justification   | 3-4 |
| 3.5.3  | Site Location   | 3-5 |
| 3.5.4  | Description of Facilities and Plant & Equipment   | 3-5 |
| 3.5.5  | Project Cost Estimation   | 3-5 |
| 3.6    | 100 MM NB BAGHJAN-MAKUM OCS CRUDE OIL PIPELINE<br>(LENGTH 23 KM)  | 3-6 |
| 3.6.1  | Preamble  | 3-6 |
| 3.6.2  | Justification   | 3-6 |
| 3.6.3  | Site Location   | 3-6 |
| 3.6.4  | Description of Facilities and Plant & Equipment   | 3-6 |
| 3.6.5  | Project Cost Estimation   | 3-7 |
| 3.7    | REQUIREMENTS OF LAND, MANPOWER, WATER, POWER,<br>FUEL, STEAM AND TRANSPORT FOR NEW DEVELOPMENT<br>PROJECTS                                    | 3-7 |
| 3.7.1  | Land Requirement  | 3-7 |
| 3.7.2  | Manpower Requirement  | 3-7 |
| 3.7.3  | Water Requirement, Use Pattern, Waste Water Generation and Discharge  | 3-7 |
| 3.7.4  | Fuel and Power Requirements   | 3-7 |
| 3.8    | NORMAL OPERATIONAL POLLUTION SOURCES AND<br>TREATMENT AND DISPOSAL OF POLLUTANTS  | 3-8 |
| 3.9    | POTENTIAL ACCIDENTAL EVENTS   | 3-8 |
| 3.10   | ANALYSIS OF ALTERNATIVES  | 3-8 |
| 3.10.1 | Site Alternative  | 3-8 |
| 3.10.2 | Technical Alternatives  | 3-8 |

|              |  |      |
|--------------|--|------|
| <b>CH. 4</b> | <b>BASELINE ENVIRONMENTAL CONDITIONS: PHYSICAL, BIOLOGICAL, DEMOGRAPHIC AND SOCIO-ECONOMIC</b> |      |
| 4.1          | INTRODUCTION   | 4-1  |
| 4.2          | SAMPLING/MONITORING LOCATIONS  | 4-1  |
| 4.3          | PHYSICAL ENVIRONMENT   | 4-2  |
| 4.3.1        | Topography and Physiography  | 4-2  |
| 4.3.2        | Soils  | 4-2  |
| 4.3.3        | WATER RESOURCES AND WATER QUALITY  | 4-4  |
| 4.3.3.1      | Water Resources  | 4-4  |
| 4.3.3.2      | Rainfall in the Study Area   | 4-4  |
| 4.3.3.3      | Surface and Ground Water Resource  | 4-4  |
| 4.3.3.4      | Water Quality In Study Area  | 4-5  |
| 4.3.4        | Climatology and Meteorology  | 4-6  |
| 4.3.4.1      | Introduction   | 4-6  |
| 4.3.4.2      | Climatological Data  | 4-6  |
| 4.3.5        | Ambient Air Quality  | 4-10 |
| 4.3.5.1      | Introduction   | 4-10 |
| 4.3.5.2      | Methodology of Monitoring and Analysis   | 4-10 |
| 4.3.5.3      | Monitored Ambient Air Quality  | 4-11 |
| 4.3.5.5      | Ambient Air Quality Status   | 4-13 |
| 4.3.6        | Ambient Noise Level  | 4-13 |
| 4.3.6.1      | Introduction   | 4-13 |
| 4.3.6.2      | Methodology  | 4-13 |
| 4.3.6.3      | Ambient Air Quality Standards in Respect of Noise  | 4-13 |
| 4.3.6.4      | Noise Level Status   | 4-14 |
| 4.3.7        | Land Use   | 4-14 |
| 4.3.7.1      | Land Use: Scope and Limitations  | 4-14 |
| 4.3.7.2      | Land Use Pattern in 2001   | 4-14 |
| 4.4          | BIOLOGICAL ENVIRONMENT   | 4-15 |
| 4.4.1        | Introduction   | 4-15 |
| 4.4.2        | Cropping Pattern   | 4-15 |
| 4.5          | DEMOGRAPHIC AND SOCIO-ECONOMIC ENVIRONMENT   | 4-16 |
| 4.5.1        | DEMOGRAPHIC ENVIRONMENT  | 4-16 |
| 4.5.1.1      | Introduction   | 4-16 |
| 4.5.1.2      | Population   | 4-16 |
| 4.5.1.3      | Population Density   | 4-16 |
| 4.5.1.4      | Sex Ratio  | 4-16 |
| 4.5.1.5      | Scheduled Castes and Scheduled Tribes  | 4-16 |
| 4.5.1.6      | Literacy   | 4-16 |
| 4.5.2        | Employment Pattern   | 4-17 |
| 4.5.3        | Living Standards and Infrastructure  | 4-17 |
| 4.5.3.1      | Education Facilities   | 4-17 |

|              |   |      |
|--------------|---|------|
| 4.5.3.2      | Medical Facilities  | 4-18 |
| 4.5.3.3      | Drinking Water Supply                                     | 4-18 |
| 4.5.3.4      | Post and Telegraph  | 4-18 |
| 4.5.3.5      | Communication and Transport                               | 4-18 |
| 4.5.3.6      | Approach to Village                                       | 4-18 |
| 4.5.3.7      | Power Supply  | 4-18 |
| 4.5.3.8      | Industrial and Commercial Activities                      | 4-19 |
| <b>CH. 5</b> | <b>ENVIRONMENTAL IMPACT ASSESSMENT</b>                    |      |
| 5.1          | INTRODUCTION  | 5-1  |
| 5.2          | TOPOGRAPHY AND PHYSIOGRAPHY                               | 5-2  |
| 5.3          | SOILS   | 5-2  |
| 5.4          | WATER RESOURCE AND WATER QUALITY                          | 5-3  |
| 5.5          | CLIMATOLOGY AND METEOROLOGY                               | 5-3  |
| 5.6          | AMBIENT AIR QUALITY                                       | 5-3  |
| 5.7          | NOISE AND VIBRATIONS                                      | 5-4  |
| 5.8          | LAND USE  | 5-4  |
| 5.9          | BIOLOGICAL ENVIRONMENT                                    | 5-4  |
| 5.9.1        | Terrestrial Flora   | 5-4  |
| 5.9.2        | Terrestrial Fauna   | 5-5  |
| 5.10         | IMPACT OF CRUDE OIL & GAS LEAKAGE FROM BURIED PIPELINE    | 5-5  |
| 5.10.1       | Terrestrial Ecology                                       | 5-5  |
| 5.10.2       | Aquatic Ecology   | 5-5  |
| 5.10.2.1     | Oil Leakage   | 5-6  |
| 5.10.2.2     | Distribution, Transportation and Destruction of Spilt Oil | 5-6  |
| 5.10.2.3     | Estimation of likely Impact Area                          | 5-7  |
| 5.10.2.4     | Oil Pollution and Aquatic Ecology                         | 5-8  |
| 5.11         | IMPACT OF NATURAL GAS LEAKAGE FROM BURIED PIPELINE        | 5-10 |
| 5.12         | DEMOGRAPHIC AND SOCIO-ECONOMIC ENVIRONMENT                | 5-10 |
| 5.13         | CONCLUSIONS   | 5-11 |

|              |  |     |
|--------------|--|-----|
| <b>CH. 6</b> | <b>RISK ASSESSMENT AND CONSEQUENCE ANALYSIS</b>  |     |
| 6.1          | INTRODUCTION   | 6-1 |
| 6.2          | IDENTIFICATION OF HAZARDS IN PIPELINE, TRANSPORT OPERATIONS OF CRUDE OIL AND NATURAL GAS | 6-1 |
| 6.2.1        | Immediate Ignition: Jet Fire   | 6-2 |
| 6.2.2        | Delayed Ignition: Flash Fire   | 6-2 |
| 6.2.3        | Delayed Ignition: Vapour Cloud Explosion   | 6-2 |
| 6.3          | CONSEQUENCE ANALYSIS   | 6-3 |
| 6.3.1        | Jet Fire on Immediately Ignition   | 6-3 |
| 6.3.2        | ULF and LFL Distances and Flash Fire Envelope  | 6-3 |
| 6.3.3        | Vapour Cloud Explosion on Delayed Ignition   | 6-4 |
| 6.4          | RISK MITIGATION MEASURES   | 6-4 |
| 6.5          | FIRE FIGHTING FACILITIES FOR PIPELINE PROJECTS   | 6-4 |
| 6.6          | MEDICAL FACILITIES   | 6-5 |
| <b>CH. 7</b> | <b>DISASTER MANAGEMENT PLAN</b>  |     |
| 7.1          | INTRODUCTION   | 7-1 |
| 7.2          | CRISIS MANAGEMENT TEAM OF OIL  | 7-1 |
| 7.3          | EMERGENCY CLASSIFICATION   | 7-2 |
| 7.3.1        | Level 1 Emergency  | 7-2 |
| 7.3.2        | Level 2 Emergency  | 7-2 |
| 7.3.3        | Level 3 Emergency  | 7-2 |
| 7.4          | METHODOLOGY OF DMP PREPARATION   | 7-3 |
| 7.5          | ON-SITE DISASTER MANAGEMENT PLAN   | 7-3 |
| 7.5.1        | Site Main Controller   | 7-3 |
| 7.5.2        | The Site Incident Controller Team  | 7-3 |
| 7.5.3        | The Auxiliary Team   | 7-3 |
| 7.5.4        | Responsibilities of Site Main Controller (SMC)   | 7-3 |
| 7.5.5        | Responsibilities of Site Incident Controller (SIC)                                       | 7-4 |
| 7.5.6        | Responsibilities of Auxiliary Team Controller (ATC)                                      | 7-4 |
| 7.5.7        | Responsibilities of SIC Supervisors  | 7-4 |
| 7.5.8        | Responsibilities of ATC Supervisors  | 7-5 |
| 7.5.9        | Warning System   | 7-5 |
| 7.5.10       | Emergency Plan Initiation  | 7-5 |
| 7.5.11       | Emergency Procedures   | 7-5 |
| 7.5.11.1     | Level 1 Emergencies  | 7-5 |
| 7.5.11.2     | Level 2 Emergencies  | 7-5 |
| 7.5.11.3     | Level 3 Emergencies  | 7-6 |

|              |  |     |
|--------------|--|-----|
| 7.5.12       | Accident Site Clean Up   | 7-6 |
| 7.5.13       | Emergency Response Personnel Safety  | 7-6 |
| 7.6          | ALL CLEAR SIGNAL AND PUBLIC STATEMENT  | 7-6 |
| <b>CH. 8</b> | <b>ENVIRONMENTAL MANAGEMENT PLAN</b>   |     |
| 8.1          | INTRODUCTION   | 8-1 |
| 8.2          | MITIGATIVE MEASURES FOR MINIMISING ENVIRONMENTAL IMPACTS   | 8-1 |
| 8.2.1        | General Measures Required During Construction and Operation of 3 Pipeline Projects in the Same ROW | 8-1 |
| 8.2.2        | Specific Measures Required During Construction and Operation of Pipeline Projects                  | 8-2 |
| 8.2.3        | Management Measures for Leakage of Crude Oil and Natural Gas from Buried Pipeline Due to Sabotage  | 8-2 |

---

**LIST OF TABLES**

|              |  |      |
|--------------|--|------|
| <b>CH. 4</b> | <b>BASELINE ENVIRONMENTAL CONDITIONS: PHYSICAL, BIOLOGICAL, DEMOGRAPHIC</b>    |      |
| 4.1          | Soil Characteristics in Study Area   | 4-20 |
| 4.2          | Rainfall Data at Tinsukia  | 4-21 |
| 4.3          | Rainfall Data at Dibrugarh   | 4-21 |
| 4.4          | Water Quality in the Study Area  | 4-22 |
| 4.5          | Climatological Data for Dibrugarh IMD Station                                  | 4-23 |
| 4.6          | Meteorological Conditions at Site  | 4-25 |
| 4.7          | Wind Velocity and Direction Frequency at Site                                  | 4-26 |
| 4.8          | Ambient Air Quality Monitoring Status  | 4-27 |
| 4.9          | National Ambient Air Quality Standards   | 4-28 |
| 4.10         | Hydrocarbon Concentrations Ranges Expected In Urban Ambient Air                | 4-29 |
| 4.11         | Ambient Standards in Respect of Noise  | 4-30 |
| 4.12         | Summary of Hourly and Day and Night Time Equivalent Noise Levels in Study Area | 4-31 |
| 4.13         | Land Use Pattern in Study Area - 2001  | 4-32 |
| 4.14         | List of Trees, Shrubs and Climbers Found in Bherjan-Padumani-Borajan WLS       | 4-37 |
| 4.15         | List of Mammals and Birds Found in Bherjan-Padumoni-Borjan WLS                 | 4-41 |
| 4.16         | List of Mammals and Birds  | 4-44 |
| 4.17         | Area, Production and Productivity of Major Crops in Dibrugarh District         | 4-45 |
| 4.18         | Demographic Details of Study Area-2001   | 4-46 |
| 4.19         | Employment Pattern in Study Area-2001  | 4-51 |
| 4.20         | Amenities Available in Study Area-2001   | 4-56 |
| 4.21         | Treatment of Diseases at PHC Makum-2008  | 4-62 |
| 4.22         | Monthly Patient Record of L. G. B. Civil Hospital From 2008                    | 4-63 |
| 4.23         | List of Industries in Tinsukia, Assam  | 4-64 |
| <b>CH. 5</b> | <b>ENVIRONMENTAL IMPACT ASSESSMENT</b>   |      |
| 5.1          | Toxicity of Petroleum Products to Aquatic Animals                              | 5-12 |
| <b>CH. 6</b> | <b>RISK ASSESSMENT AND CONSEQUENCE ANALYSIS</b>                                |      |
| 6.1          | Damage Due to Incident Radiation Intensity                                     | 6-7  |

**LIST OF FIGURES**

**CH. 1 INTRODUCTION**

|     |   |      |
|-----|---|------|
| 1.1 | Proposed New Project in Tinsukia-Dhola Area | 1-13 |
| 1.2 | Village Boundary Map of the Study Area      | 1-14 |
| 1.3 | Satellite Imagery of the Project Area       | 1-15 |
| 1.4 | National Park and Wild Life Sanctuaries     | 1-16 |

**CH. 4 BASELINE ENVIRONMENTAL CONDITIONS: PHYSICAL, BIOLOGICAL, DEMOGRAPHIC AND SOCIO-ECONOMIC**

|     |                                 |      |
|-----|---------------------------------|------|
| 4.1 | Sampling / Monitoring Locations | 4-65 |
| 4.2 | Wind Rose Diagram at Site       | 4-66 |

**CH. 5 ENVIRONMENTAL IMPACT ASSESSMENT**

|     |   |      |
|-----|---|------|
| 5.1 | Diagrammatic Summary of Process by Which Spilt Oil is Distributed and Destroyed in Water Bodies | 5-13 |
|-----|---|------|

**CH. 7 DISASTER MANAGEMENT PLAN**

|     |   |     |
|-----|---|-----|
| 7.1 | Organizational Setup For On-Site Disaster Management Plan | 7-7 |
|-----|---|-----|
